

# SKILLED TRADES SUMMIT

## Grades 9-12

### Entrepreneurship | Work Readiness

## ABOUT THE EVENT

JA Canada is partnering with Colleges and Institutes Canada to host Skilled Trades Summits across the country. By providing a hands-on experience, students will enhance their understanding and knowledge of skilled trades as a meaningful and fulfilling career path.

**Event Format:** In Person

## What will students do and learn?

- Analyze key components of the trades sector, including the necessary training, experience, and education for various careers
- Recognize the value of labor market research in identifying career opportunities in trades
- Explain how transferable skills can enable career success
- Develop both technical and transferable skills through immersive, hands-on learning labs
- Utilize acquired knowledge and skills to create a comprehensive career plan

An Initiative of
